1. Add student info

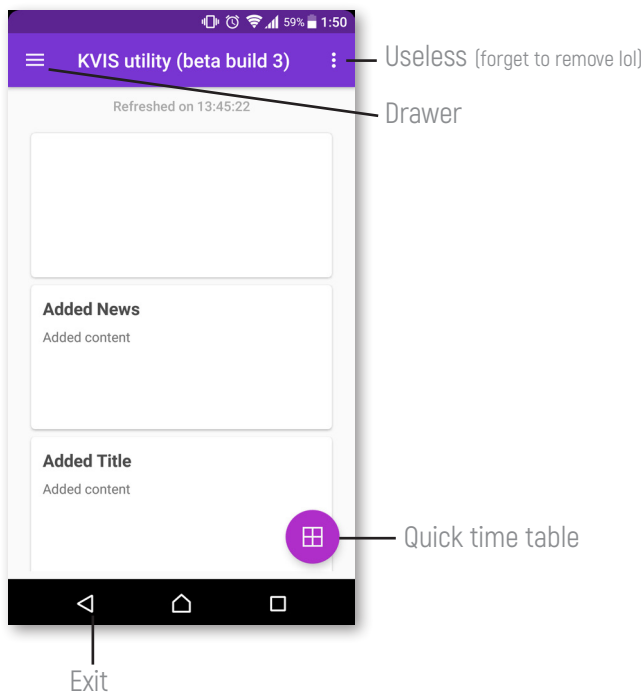

To complete registration process. You need to add student information at "My info" menu. Then select "ADD STUDENT INFO"

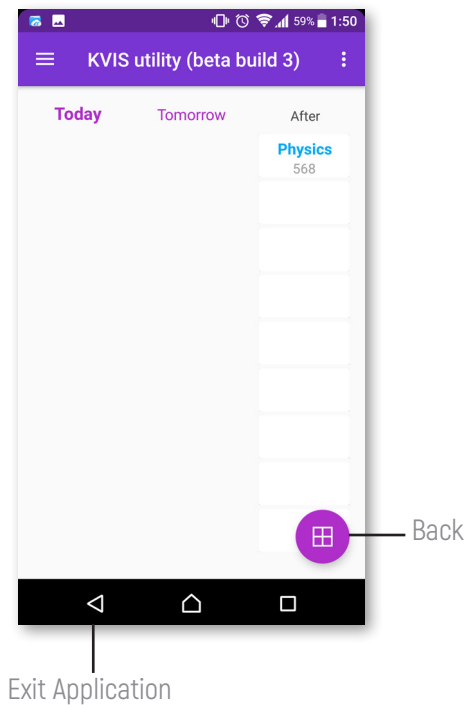

*required

2. Navigation

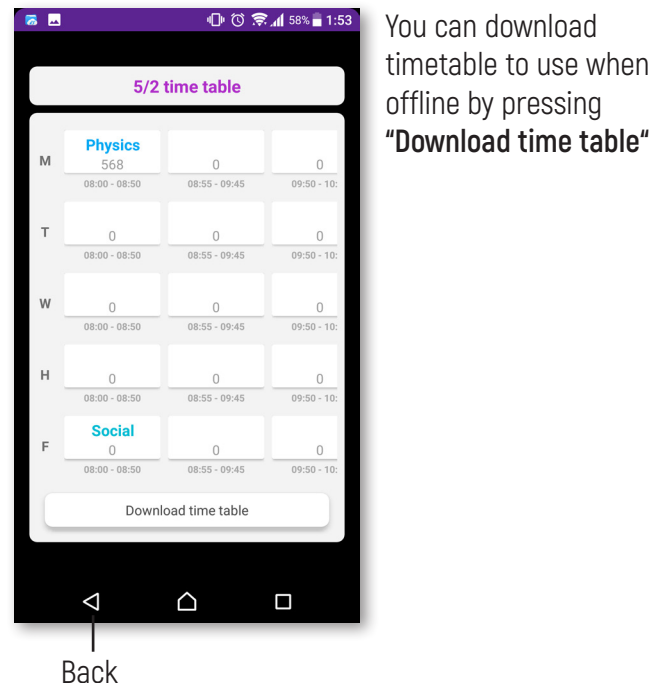

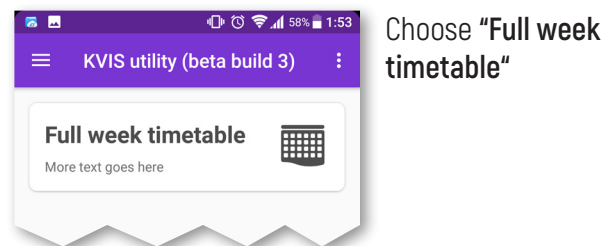

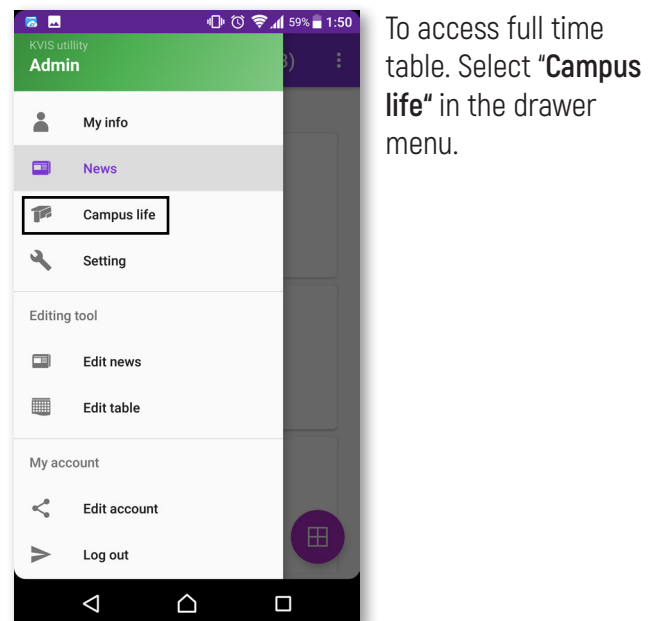

3. Quick time table

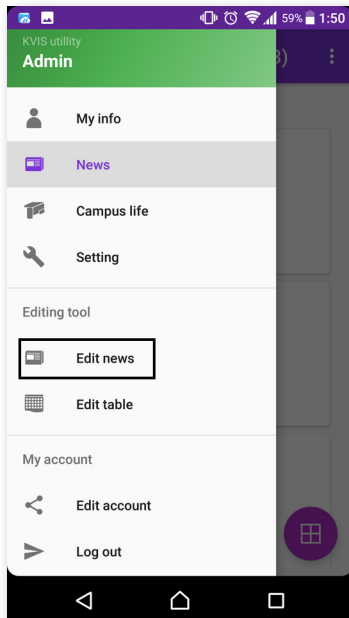

Quick time table show time table for today, tomorrow and the day after according to your classroom and funda/advance class that you put in student information page.

4. Full time table

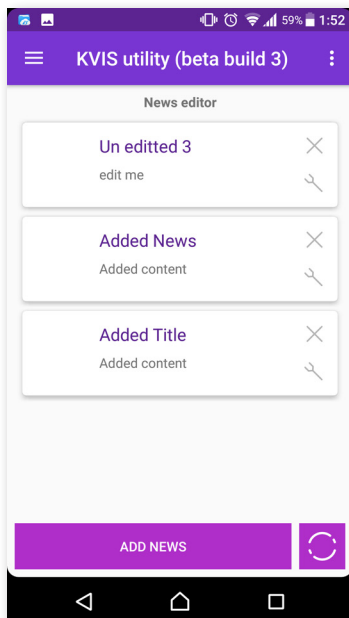

5. Edit news

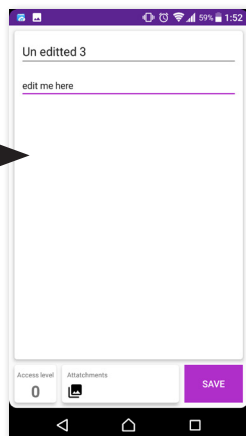

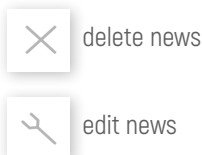

** Edit news function is available to every account in this version, but in the released version edit news function will be available for person with access level only.**

Select “Edit news” in drawer menu to open news editor.

This area will show all the news.

Press “Add news” or select “Edit news” will open news editor page where you can create or edit news. (Image attachment function is not available)

Edit news markup

You can use HTML markup in news editor to format character and paragraph in news.

Here's list of markup available.

` Bold text `

`<i> Italic text </i>`

`<small> small text </small>`

`<mark> Highlighted text </mark>`

` Deleted text `

`_{Subscripted text}`

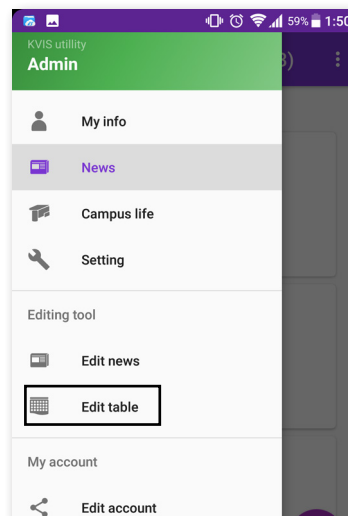

`^{Superscripted text}`

More markups can be found at https://www.w3schools.com/html/html_formatting.asp

6. Edit time table

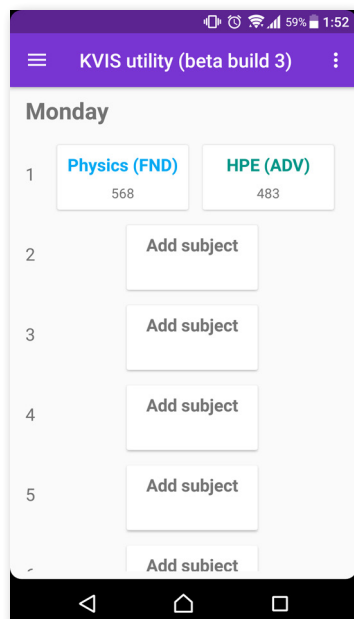

** Edit time table function is available to every account in this version, but in the released version edit news function will be available for person with access level only.**

** Edit time table function in this version is considered very unstable and can cause error or crash on some device.**

Select “Edit table” in drawer menu to open time table editor.

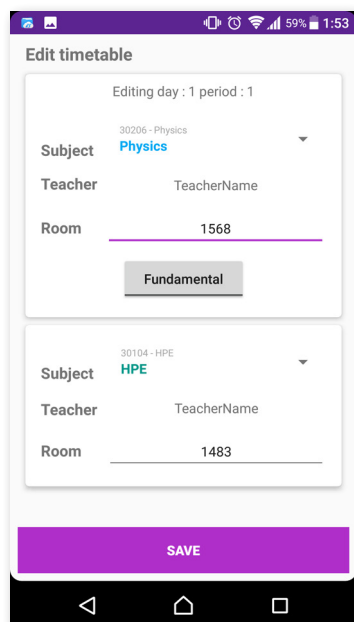

6. Edit time table

You can swipe left and right to change day.

The number on the left indicate period. One period can contain more than one subjects (for funda and advance student).

Tap on subject to edit.

Select subject, teacher name will add automatically. Room number and select "Fundamental" to switch between fundamental and advance student ("Fundamental" button will appear only when selecting science subject).
